## TO WHOM IT MAY CONCERN

It is my pleasure to present Maestro Georgi Trendafilov whom I know personally. I have heard him playing a vast repertoire with great musical and technical qualities. He is a rare and refined Musician with manifold traits as a performer and teacher.

As regards teaching, I know that he is an excellent piano teacher at all levels and is also a very knowledgeable Musician with communicative and humane qualities. He knows many languages and he will be a great asset to whoever will employ him.
